Dear Professionals,

It gives us a great pleasure to cordially invite you to PM USHA 3.0 Sponsored One Day National Conference on **“Artificial Intelligence and Interdisciplinary Innovations for Sustainable Development and Nation Building”** being organised by IQAC, Dhanwate National College, Congress Nagar, Nagpur in Collaboration with MSFDA, Pune to be held Matoshri Vimalabai Deshmukh Sabhagruha on Saturday 7th February 2026.

About Dhanwate National College

Dhanwate National College, Nagpur, a premier educational institute in Vidarbha region of Maharashtra state run by Shri Shivaji Education Society, Amravati, founded by Dr. Panjabrao Deshmukh, the first Union Agriculture Minister of Independent India, a great visionary, academician and social reformist impart education in the faculty of Commerce, Management, Arts and Social Sciences. It was established in the year 1932 as Vasudeo Arts College, Wardha, and later on taken over by Shri Shivaji Education Society, Amravati in the year 1950. Today, it offers almost all the courses in the Commerce faculty of Nagpur University, on self-finance basis in addition to education in Arts faculty. University Grant Commission has bestowed upon the status of “College with Potential for Excellence”. Asia Pacific Quality Network, Shanghai, China has approved the institutional membership to boost up quality related professional activities. The institution publishes Exploration, Indian Journal of Multidiscipline, with ISSN, which is Peer Reviewed Biannual Research Journal for Multidisciplinary Studies.

About IQAC:

The Internal Quality Assurance Cell (IQAC), working in collaboration with the Departments of Arts, Commerce, Management, and Social Sciences, serves as a structured mechanism for the development, implementation, and maintenance of quality standards within the institution. Constituted in accordance with NAAC guidelines, the IQAC is committed to fostering a culture of continuous quality enhancement in academic, administrative, and governance processes.

In the context of the National Interdisciplinary Conference, the Internal Quality Assurance Cell (IQAC) plays a central role in conceptualizing, planning, coordinating, and monitoring the academic and organizational aspects of the conference. In collaboration with the Departments of Arts, Commerce, Management, and Social Sciences, the IQAC ensures that the conference themes, objectives, and outcomes are aligned with NAAC quality benchmarks and the vision of NEP 2020, with a focus on interdisciplinary research, innovation, and societal relevance.

The IQAC oversees the quality assurance of the conference proceedings, including the formulation of the call for papers, peer-review mechanisms, outcome documentation, and post-conference reporting. It also facilitates faculty and student participation, research dissemination, and best-practice sharing, thereby contributing to institutional quality enhancement, research culture strengthening, and accreditation-related documentation for AQAR and SSR.

About MSFDA:

Maharashtra State Faculty Development Academy (MSFDA) is a unique initiative of the Government of Maharashtra to design and conduct capacity-building programmes for teachers and other stakeholders from universities and colleges across Maharashtra. The aim of the Academy is to nurture colleges as safe and vibrant learning spaces, thereby ensuring quality higher education to develop good, thoughtful, well-rounded and creative individuals.

MSFDA is a registered Section 8 Company established by the Department of Higher & Technical Education, GoM. The MSFDA Board is chaired by the Chief Secretary of Maharashtra & Secretaries of Higher Education, School Education, eminent educationists, Vice Chancellors, Directors of Higher & Technical Education as members of the Board.

About the Conference:

The rapid advancement of Artificial Intelligence (AI) is transforming every sphere of human life, including education, business, healthcare, governance, agriculture, and social systems. The interdisciplinary integration of AI with Arts, Commerce, Science, Management, and Humanities has created new opportunities for innovation, sustainability, and inclusive growth, addressing complex societal and developmental challenges.

The proposed National Interdisciplinary Conference seeks to provide a dynamic platform for academicians, researchers, industry professionals, and students to exchange ideas, present scholarly research, and engage in meaningful deliberations on the evolving role of Artificial Intelligence in shaping the future of society and nation-building. The conference is aligned with the objectives of the National Education Policy (NEP) 2020, with a strong emphasis on multidisciplinary research, innovation, ethical practices, skill development, and employability, thereby fostering a holistic and future-ready academic ecosystem.

Objectives of the Conference:

- Enhanced interdisciplinary research collaboration among faculty members, researchers, and institutions in the field of Artificial Intelligence.
- Improved understanding of the role of Artificial Intelligence in sustainable development and nation-building.
- Increased awareness and practical insight into AI applications across education, commerce, science, management, and social sciences.
- Strengthened commitment towards the ethical, inclusive, and responsible use of Artificial Intelligence in academic and professional practices.
- Creation of opportunities for young researchers, faculty members, and students to present research work, receive expert feedback, and improve research quality.

How to Reach:
